Disclaimer: The status of water use restrictions and bans is based on information submitted to the New Hampshire Department of Environmental Services and may not be comprehensive.

The below only includes water restrictions and bans reported to NHDES and may not be a complete list. For details regarding a restriction or ban, please contact the entity listed in the table below directly.

For the purposes of the below table, a restriction indicates outdoor water use is permitted, but restricted. For example, lawn watering may be restricted to twice a week. An outdoor use ban indicates outdoor water use is not permitted, although a small exception may apply.

To add your water system to the below list please email Stacey Herbold, NHDES Water Conservation Program, at [stacey.herbold@des.nh.gov](mailto:stacey.herbold@des.nh.gov) with the following information:
