

PLPA Annual Meeting 2017
Saturday, July 29 9:00AM
Deerfield Old Town Hall

This year the PLPA annual meeting will be held on Saturday July 29th at 9:00 AM. In addition to our normal business meeting we have secured two industry experts to provide presentations on what we as property owners can do to lessen our impact on the environment and ensure the quality of our lake for future generations.

PLPA Business Meeting

- Approval of 2016 Annual Meeting Minutes
- Treasurers Report
- Election of Officers
- PLPA Programs and Projects
 - Lake Host Program
 - VLAP Program
 - Weed Watchers Program
 - Informational Kiosk
 - Mooring Field
 - Gulf Road Project
 - Shoreline Improvement Project

Informational Sessions for Property Owners

How you can have a positive impact on the future of Pleasant Lake

Septic System Improvements – "How Septic Systems Work and WHY".

- Larry Maznek of Maznek Septic Services will provide a presentation on
 1. How a septic tank works and what should and should not be put into them;
 2. Why we periodically pump them;
 3. How often should we pump them;
 4. Effluent Disposal Areas (Leach Field);
 5. New technology for rejuvenating old fields and building new systems on small problem lots.
 6. Question and answer time

Larry is a member of New Hampshire Association of Septic Haulers, and on the Board of Granite State Designers and Installers. Attendees will receive a \$15 discount on their next pumping.

"Soak Up the Rain New Hampshire" – 10 Do-It-Yourself Practices

- Barbara McMillan and Lisa Loosigian from the New Hampshire Department of Environmental Services.

Throughout New Hampshire, neighbors are planting rain gardens and trees, using rain barrels, and finding other ways to Soak Up the Rain to protect and restore clean water in their local lakes, streams, and estuaries. This session will present why it's so important for property owners to be involved and show how they can do their part to collect and infiltrate storm water with ten Do-It-Yourself practices.
