

2018 PLPA Annual Meeting
Saturday, July 28 9:00AM
Old Town Hall Deerfield NH

Informational Sessions for Friends of the PLPA Watershed

Tom O'Brien, President, New Hampshire Lakes Association

Tom has been the President of NH LAKES since 2011, He is a graduate of the University of Massachusetts at Amherst and has worked in natural resource management and water resource protection "his entire adult life".

Tom will provide us with an overview of the NH Lakes Association Charter, recent actions that have impacted our and other lakes in NH and priorities for 2018.

Dr. Lisa Doner, Plymouth State University

Lisa is an Associate Professor in Environmental Science and Policy and the Center for the Environment. She studies lake sediments to decipher past watershed changes. Her primary focus is on how climate interacts with other mechanisms for change including natural catastrophe (fire, flood, landslide, tsunami), human disturbance (agriculture, logging, development) and long-term trends (glaciations, tectonics, sea-level change).

Lisa will provide an overview of the results from testing that she and her team conducted at Pleasant Lake last fall and discuss further actions to be taken.

PLPA Business Meeting

- Approval of 2017 Annual Meeting Minutes
- Election of Officers
- Treasurers Report
- PLPA Program and Project Updates
